

Municipal intersection case files (GRS-1155)

Utah General Retention Schedule

Description

These files record data on all municipal streets. They are used by traffic engineers and technicians when investigating a particular intersection to determine appropriate traffic regulations. They contain traffic volume (counts taken either mechanically or manually), requests or complaints received which required a study and response concerning specific intersections and work order outline to be done at specific intersections, and a traffic accident history.

Retention and Disposition

Retain for 7 years, and then destroy records.

Appraisal

These records have administrative value(s).

Appraisal Note

Value of records is based on their usefulness for carrying out the agency's current business.
