

Society records (GRS-2596)

Utah General Retention Schedule

Description

These geospatial records pertain to demographic data and cultural features (called society records in reference to International Organization for Standardization (ISO) naming conventions). Demographic data is derived from the Topologically Integrated Geographic Encoding and Referencing system (TIGER) line data from the Census Department. This data includes household information such as how many members live in the household, race, and income level. Cultural features included are historic places and cemeteries.

Retention and Disposition

Retain permanently. Transfer records to the archives.
