

Structure records (GRS-2603)

Utah General Retention Schedule

Description

These are geospatial records of the state of Utah's regional facilities. Regional facilities are part of the parcel data provided by municipalities to the Automated Geographic Resource Center (AGRC). Latitude and Longitude coordinates for the locations are provided. The cultural features include information on civilian and non-civilian features found in Utah, such as historic places, police and fire stations, recreation use areas, cemeteries, hospitals, schools, and residential and commercial structures.

Retention and Disposition

Retain permanently. Transfer records to the archives.
