**TITLE:** Research records

**DATES:** 1939-1940.

**ARRANGEMENT:** Alphabetical by subject

**DESCRIPTION:**

This series contains informational data gathered by the Utah Educational Survey Committee. The committee was a fact finding body appointed in 1939 by Governor Henry H. Blood. Their purpose was to identify significant problems of public education in Utah and to produce a report for presentation to the Governor "on or before July 1, 1940." The Committee made extensive use of questionnaires in their research. The questionnaires dealt with various topics relevant to the Committee's identified concerns and were dispersed to educators throughout the state. A number of preliminary reports are also included, indicating how the questionnaires were used to formulate the Committee's eventual findings.
