TITLE: Journals

DATES: i 1882-

ARRANGEMENT: Chronological by session with daily entries thereunder.

DESCRIPTION:

These journals serve as a record of the actions of the legislature during session. They constitute the published minutes of the state senate and territorial council. House and Senate journals were kept together from the time of the organization of the territory in 1851. Since 1882, the journals have been kept separately.

Daily entries cover a standard order of business. Place, date, roll, and prayer are noted before proceeding. Citizens' petitions for various actions and monetary claims are the first order. Other communications from agencies, groups, or individuals also are recorded. Committee reports are the next order of business. These recommend passage or rejection of particular legislation. Early reports often include detailed explanations and agency reports, but such detail is generally omitted by the 1920s. The process of enacting legislation via bills and resolutions is the most frequent business recorded. The title is noted along with its status: which reading, whether it passed, committee referrals, amendments and motions for rewrites, etc. The contents of the bills are not recorded. Names of individuals motioning for particular actions are noted as are the names on the final vote. Messages from the opposing chamber are recorded in full. Messages from the governor report passage, veto, or objections to bills. Senate confirmations of gubernatorial appointments also are noted. Memorial tributes, speeches, prayers, invitations to various functions, etc. may also be read into the record. Joint session minutes are also entered. From 1896 to 1913, these included the election of U.S. Senators. The governor's opening address detailed concerns, and initially included agency reports. Joint memorials to Congress, pleading for federal action (or inaction) were common in the 1880s. Member lists, either as part of the initial roll, or as a separate table, appear at the start of each volume, with photos by 1975. Committee membership is also noted. Many of the volumes have the senate rules recorded toward the beginning which specify the order of business and clarify procedures.

TITLE: Working bills

DATES: i 1896-

ARRANGEMENT: Chronological by legislative session; thereunder alphanumeric by bill type and number.

DESCRIPTION:

This series documents the legislative process in the Senate. The series contains the working copies of Senate bills, claims (through 1925), petitions (until 1927), memorials, fiscal reports of state agencies (1897 only), and resolutions. The working copy includes the bill as introduced, any amendments made to it, and by the latter half of the 20th century, a copy of the final text for passed bills. The bill's progress through committees and votes is logged on the backing. The final, signed version of the bill is filed in the Lieutenant Governor's office (cf series 4076); However a few appear here in those cases where the bill was vetoed by the Governor, returned to the Legislature while still in session, and the Legislature failed to override the veto.

Bill, in the broad sense, refers to bills, resolutions, memorials, etc. In the narrow sense they are those documents a member of the Legislature desires to have made into a Utah law. Claims to the state were for money due an individual or group. Memorials are pleadings for federal action, usually to the U. S. Congress. Resolutions are position statements which do not have the weight of law. Petitions were initiated by citizens desiring the introduction of particular legislation.
