TITLE: Building survey dead files

DATES: 1948-1965

ARRANGEMENT: Alphanumeric

DESCRIPTION:

This series contains surveys done on commercial buildings that were classified as risks by the building inspector. These files seem to have been used to determine if the buildings could be saved or had to be destroyed. They were considered dead files once the information was no longer valid, due to renovation or demolition. The files contain such information as the date of the survey, the surveyor, address, name of business. All of the buildings information, and how many businesses were housed in it. Most of these reports note that the building was eventually demolished either in whole or in part.

RETENTION AND DISPOSITION AUTHORIZATION:

These records are in Archives' permanent custody.

FORMAT MANAGEMENT:

Paper: Retain in State Archives permanently with authority to weed.

APPRAISAL:

These records have historical value(s).

This series has permanent historical value as sample documentation of the city's efforts to keep track of commercial buildings.
