**TITLE:** Student schedule scantron form

**DATES:** 1982-

**ARRANGEMENT:** none

**DESCRIPTION:**

This is a "scantron" form which is machine readable by a scanner and larger than standard letter size. It is used for the initial registration and subsequent changes in schedules of students enrolled at Weber State. This is the only record of the exact dates on which students make changes to their registration, including dropping from full time to half time or withdrawing from school completely. At present Weber State does not have this information on its computerized student accounting system. The date on which a student withdraws is important to federally funded programs: Financial Aids, National Direct Student Loans, Guaranteed Student Loans, Veteran's Benefits, etc. Default or non-compliance in providing this information could cause serious liability problems for Weber State. The growth rate of this record is approximately 16 cubic feet a year. This form includes student name, social security number, address, telephone number, sex, year in school, complete registration, courses to be changed or from which student wishes to withdraw, and the date of each change in schedule.
