SERIES: 20084

4

TITLE: Mining abstracts

DATES: 1872-

ARRANGEMENT: Alphabetical by claim name.

ANNUAL ACCUMULATION: 2.50 cubic feet.

DESCRIPTION:

Utah county recorders are required by law to keep abstract records which show every conveyance, encumbrance, or other recorded instrument for every tract (Utah Code, Annotated, 1953, 17-21-6). The Garfield County recorder created similar records for the mining claims in the county. He or she created these abstracts on preprinted forms, using a separate page for each claim. The top of each page names a particular claim, identifies which mining district it is in and who located it. Each page also indicates the date of original location, and where notice of that location was originally recorded. In the body of the page the recorder created a chronological list of all official activity relating to the claim. The record for each action includes the names of grantee and grantor, and the date, book, and page number on which documents relating to that action were recorded. These actions include, but are not limited to, affidavits showing proof of labor, maps, relocation notices, deeds, leases, and agreements.

TITLE: Recorded surveys

DATES: 1987-

ARRANGEMENT: Chronological

ANNUAL ACCUMULATION: 1.00 cubic foot.

DESCRIPTION:

These are surveys by professional land surveyors (private, county, state) made within the county that establish or reestablish any private property, right-of-ways and subdivision plats are also to be included as survey plats when there is a surveyor's certificate involved, and boundary monument. The surveyor is required to file a map of the survey within ninety days. The survey maps are required to show the following information: survey location by quarter section, township and range; the survey date; the drawing scale and north point; "the distance and course of all lines traced or established, giving the basis of bearing and the distance and course to a section corner or quarter corner, including township and range, or identified monument within a recorded subdivision; all measured bearings, angles, and distances separately indicated from those of record; a written boundary description of property surveyed; all monuments surveyed; all monuments set and their relation to older monuments found; a detailed description of monuments found and monuments set, indicated separately; the surveyor's signature, seal or stamp; and the surveyor's name and address." The map is also required to contain written narratives that explain and identify the purpose of the survey; the basis on which the lines were established; and the found monuments and deed elements that controlled the established or reestablished lines (UCA 17-23-17(2) (1995)). The map and narrative are required to be created on a "material of a permanent nature on stable base reproducible materials in the sizes required by the county surveyor (UCA 17-23-17(4) (1995)).
