AGENCY: Southwest Utah Public Health Department (Utah)

SERIES: 13874

3

TITLE: Annual program reports

DATES: 1987-

ARRANGEMENT: Chronological

ANNUAL ACCUMULATION: 0.10 cubic feet.

DESCRIPTION:

These are annual reports on public health programs administered by the department. They are used to track programs and employee time. They are compiled from the Quarterly program reports (Series 13875). The reports include time spent, number of people seen, names and ages of person served, and sometimes descriptions of program.

RETENTION:

Permanent. Retain for 3 year(s)

DISPOSITION:

Transfer to Archives.

RETENTION AND DISPOSITION AUTHORIZATION:

Retention and disposition for this series were specifically approved by the State Records Committee.

APPROVED: 06/1994

FORMAT MANAGEMENT:

Paper: Retain in Office for 3 years and then transfer to State Archives with authority to weed.

APPRAISAL:

These records have administrative, and/or historical value(s). This disposition is based on both the administrative needs expressed by the department and the historical value of these records to document the activities of the department.

SERIES: 13674

3

TITLE: Birth and relationship verification

DATES: 1990-

ARRANGEMENT: Chronological by date processed

ANNUAL ACCUMULATION: 0.10 cubic feet.

DESCRIPTION:

This request is submitted by the State Division of Family Services to local registrars to search birth records. Since some people cannot afford to obtain birth certificates, it is used to verify births and relationships to receive state benefits. The form includes father's name, an indication which other forms were also completed (acknowledgment of paternity of parents, paternity of father and date, or paternity not acknowledged), mother's name, name of children, birth date, place, certificate numbers, signature and title of local health official.

RETENTION:

Retain for 2 year(s)

DISPOSITION:

Destroy.

RETENTION AND DISPOSITION AUTHORIZATION:

Retention and disposition for this series is authorized by Archives general schedule Transitory tracking records, GRS-1720.

TITLE: Birth certificate and birth card applications

DATES: 1980-

ARRANGEMENT: Chronological

ANNUAL ACCUMULATION: 2.00 cubic feet.

DESCRIPTION:

This application form is used to request a certified birth certificate or birth card. It includes the name, date of birth, and city of birth of the individual whose birth certificate is being requested; the applicant's name, address, telephone number, and relationship to the individual whose birth certificate is being requested; the name, year, and state of birth of the individual's parents; the reason for the request; the request date; and the number of copies of the birth certificate or card requested.

SERIES: 13672

3

TITLE: Birth certificates

DATES: 1969-

ARRANGEMENT: Alphabetical by surname, thereunder alphabetical by birth date

ANNUAL ACCUMULATION: 1.00 cubic foot.

DESCRIPTION:

These certificates document all live births in the State of Utah in compliance with UCA 26-2-5 (2008). In 1905, a state registry system of vital statistics was established at the State Health Department with local registrars. All certificates created prior to 1905 are only maintained at the local level and prior to 1978 some local registrars may not have reported all births to the State Health Department. Since 1978, all certificates maintained at the local level are duplicate certificates maintained by the State Health Department. The information recorded includes the child's name, place of birth, date of birth, sex, and if child part of multiple birth; the parents' name, race, age, birthplace, occupation, and marital status; a record of children previously born to the mother; the length of the pregnancy; the child's weight and length at birth; the date of the serological test; and a description of any congenital malformations or birth injuries.

TITLE: Blood pressure/cholesterol records

DATES: 1980-

ARRANGEMENT: Alphabetical by surname

DESCRIPTION:

These records are a two-part form completed by health workers for clients having blood pressure and cholesterol health screenings. These informal screenings are held at various locations throughout the district including shopping centers and health fairs. They are used to identify existing health problems and to encourage healthy lifestyles. The original (white copy) is submitted to the State Bureau of Chronic Disease Control and is maintained as the record copy while the yellow copy is retained by the local health department. The form includes the name, address, social security number, phone number, weight, height, birth date, age, gender, ethnic origin, education level, questions concerning smoking, questions concerning blood pressure and blood cholesterol, brief family and individual medical history, blood pressure readings, blood cholesterol readings and signed consent authorizing blood pressure and cholesterol tests.

TITLE: Board of Health minutes

DATES: undated

ARRANGEMENT:

DESCRIPTION:

These minutes document the actions of the local boards of health. Each local health department is required to have a board of health "appointed by the local governing body and shall consist of at least five persons" (UCA 26A-1-109 (1992)). The Board of Health is responsible for establishing policy, for adopting regulations relating to health protection and the promotion of public health or environmental health including but not limited to public health administration and support services, maternal and child health, communicable disease control, surveillance and epidemiology, food protection, solid waste management, wastewater management and safe drinking water management. They include the agenda and the actual minutes of proceedings of special and regular meetings of the local Boards of Health.

TITLE: Car seat rental agreement

DATES: 1980-

ARRANGEMENT: Alphabetical by surname

DESCRIPTION:

These contracts document the rentals of car seats to individuals who choose not to buy their own. This program enables those individuals to comply with UCA 41-6-148.20 (1992) which requires the use of child restraint devices. These contracts include the car seat number; the return date; the name, address, telephone number, drivers license number, and borrower's signature; the names and addresses of two individuals who will know the whereabouts of the borrower; a parental checklist that the borrower received training in the use of the car seat and that the seat was inspected; the amount paid; the dates issued and due; the seat condition when issued; and the receipt number. Some local health department also sell car seats.

TITLE: Death certificates

DATES: 1977-

ARRANGEMENT: Alphabetical by surname, thereunder chronological by death date

ANNUAL ACCUMULATION: 1.00 cubic foot.

DESCRIPTION:

These death certificates document all deaths occurring in the State of Utah as required by UCA 26-2-13 (2009). In 1905, a state registry system of vital statistics was established at the State Health Department with local registrars. All certificates created before 1905 are only maintained at the local health department and prior to 1978 some local registrars may not have reported all deaths. Since 1978, all originals are maintained at the State and copies at the local level. The information recorded includes the deceased's name, gender, date of birth, race, age, county of death, address, birth place, citizenship, marital status, name of spouse, social security number, occupation, and parents' names; cause of death; if an autopsy was taken; if accident, suicide, or homicide caused death; place and time of death; disposition of the body; name and address of mortuary or crematory; and signature of person certifying death.

TITLE: Death hold book

DATES: 1983-

ARRANGEMENT: Chronological

ANNUAL ACCUMULATION: 0.10 cubic feet.

DESCRIPTION:

This book serves as a tracking device recording the status of death certificates. Death certificates are required to be filed prior to the funeral, but if this is not possible the mortuary will notify the local registrar and receive a hold number. This book is used to verify that death certificates were finally received. It includes hold number, death date, decedent's name, physician, funeral director, decedent's age, burial date, city of death, date hold number issued, date received, number of copies issued, whether the death certificate is pending and whether or not a burial transit was issued.

TITLE: Environmental/Occupational investigations case files

DATES: 1972-

ARRANGEMENT: Alphabetical by surname

DESCRIPTION:

These are records of epidemiological investigations of environmental and occupational public health hazards. They help prevent those hazards, and assist in short and long-term health studies. As stated in the Utah Code of Communicable Disease Rules, the Department of Health collects this information in order to promote and protect the public health and to prevent and control disease. Includes epidemiological investigations of individuals and/or groups exposed to environmental health hazards, health risk analyses of human exposures to chemical contaminants, cancer cluster investigations, and adverse reproductive outcomes. Medical records may contain patient name, address, sex, race, age, type of exposure, company where possible exposure occurred. The State Bureau of Epidemiology maintains the record copy of these records permanently.

DESCRIPTION:

This record is used to assist in the collection of lab test results and to complete patient medical records and verifications of diagnoses. As stated in the Utah Code of Communicable Disease Rules, the Department of Health collects this information in order to protect the public health and protect and control disease. Includes reports such as Request for Serologic Test for Syphilis, Request for Culture of Enteric Bacterial Pathogens, Request for Referred Culture Identification, Report of Antibiotic Sensitivity, Request for Agglutinations and Special Serologic Tests, Request for Miscellaneous Cultures, Request for Rabies Examination, Request for Slide Examination, and Request for Mycobacteria Examination. The State Bureau of Epidemiology retains the record for five years and then destroys.

TITLE: Licensed/unlicensed day care facilities, group homes, and jails inspection reports

DATES: 1972-

ARRANGEMENT: Alphabetical by company name

DESCRIPTION:

These report forms document inspections of licensed/unlicensed day care facilities, group homes, and jails. These inspections are part of the local health departments duties as specified in UCA 26A-1-114 (1)(g) (2011). These forms include facility's name and address, operator's name, facility type, indications whether inspection identified any deficiencies in facility's structure, bathrooms, safety, plumbing, outside facilities, food service, vermin control, housekeeping and general cleanliness, managers signature and telephone number, environmental health specialist's signature and date, and an indication whether inspection approved, conditionally approved, or denied the continued operation of facility. Any identified deficiencies are required to be completed within thirty days or facility could be closed for noncompliance.

TITLE: Prenatal health case files

DATES: undated

ARRANGEMENT:

DESCRIPTION:

These are case files for women who are eligible for the prenatal (PEPI) program. This program is for low income pregnant women who were presumed eligible for medicaid or who are on medicaid. The local health department performs an initial interview to determine the woman's eligibility. Once the woman is determined eligible she is assigned to a registered nurse who then contacts the client every month and performs home visits. Each of these components are documented in each client's chart. The client is maintained in the program for two months after the pregnancy ends. The case file includes prenatal care coordination tracking record form, nursing notes, prenatal initiative form, Utah Perinatal record system (UPRS), identification card, health insurance claim form, and release of information form. These case files may also be called "Baby Your Baby case files."
